Strategy & Optimization: Exact-Intent PPC Blueprinting, Isolated Variable Testing, Creative Targeting, Dynamic Position Tactics, Landing Page CRO.

PROFESSIONAL EXPERIENCE

Paid Media Performance Lead / SEM Manager

Direct Acquisition Engine & SEM Overhaul (Tour Operator Contract) | Dec 2025 – June 2026

- Recaptured 40% to 60% of annual tour bookings directly, bypassing 25% third-party OTA commissions by restructuring account architecture into an intent-driven Google Ads PPC blueprint.
- Generated \$24,430 in CRM-verified revenue from a \$6,680 Google Ads spend (yielding a 3.66x True ROAS) for the core Chichén Itzá Group Tour campaign by eliminating broad keyword bleed and bidding strictly on high-converting, exact-search intent.
- Scaled blended omni-channel direct revenue to \$38,856 by deploying targeted Meta Ads campaigns to capture early customer liquidity, auditing and fixing broken data pipelines, and reallocating 100% of high-performing ad spend to high-intent SEM channels.

Performance Marketing Manager

Private Label E-Commerce Apparel Brand (Contract Sprint) | Aug 2025 – Oct 2025

- Generated PKR 2 Million in revenue while maintaining an exceptional 7.5x ROAS during an intense, capital-constrained 2-month scaling sprint with a strict baseline expectation of break-even profitability.
- Multiplied sales volume without efficiency degradation or CPA inflation by building an agile testing framework using ABO campaigns to isolate and validate creative variables rapidly.
- Overcame acute creative asset deficits in a highly saturated apparel niche by maximizing native platform formatting variations and applying dynamic user positioning tactics driven by real-time audience data analysis.

Growth Marketing Campaign Manager

Orchestra Concert Ticket Sales (Regional Event Contract) | Oct 2025 – Nov 2025

- Secured an extraordinary 15.7x ROAS by generating \$3,200 in ticket sales from a highly optimized \$232 ad spend, shattering the initial target baseline of 4.0x ROAS.
- Liquidated regional event inventory ahead of schedule and saved 70% of the planned acquisition budget by mapping classical music and cultural enthusiast behavioral profiles to high-performing audience segments.
- Eliminated tracking deficits and optimized placement penetration by implementing proprietary "Creative Targeting" methodologies, advanced bidding strategies, and auditing complete purchase paths to eliminate drop-off points.
